

International  
Energy Agency

# Welcome and introduction

**GFEI training meeting  
IEA Energy Efficiency Training Week**

**11 June 2015**

**Jean François Gagné  
Division of Energy Technology Policy  
International Energy Agency**

## Background

- Today's and tomorrow's meetings are part of a joint initiative

- This was promoted and supported by
  - the [IEA E4 programme](#) (Energy Efficiency in Emerging Economies)

- GFEI partners:

## Aim of these two days

- **Cover issues related with the “improve” policy strategy for transportation**
  - Fuel economy labelling, standards and regulations, fiscal measures
  - Assessing the impact of these policies
  - How to overcome policy and implementation challenges
- Mixture of focused lectures, interaction with experts and international peers
- Learn more about the work which GFEI does, and those with whom we do it
- Establish contacts allowing you and your colleagues to get help, once you are back in your respective countries
